

MUNICIPAL ELECTION OCTOBER 24TH 2022

As fall approaches here in Ottawa, the municipal elections are just around the corner for Heron Park! This year, all eligible residents of the Capital Ward will be able to vote for a councilor candidate. That being said, each one of them has taken the time to submit a write up to include in this review. You will find their goals and missions for this community below. In addition, since Jim Watson is not seeking re-election, we will also be electing a new mayor. Get out and vote!

SHAWN MENARD

We have spent four years working to build a better Capital Ward and a better city. Together, we can keep that work going:

- Climate change: We can retro-fit homes and buildings, phase-out gas-powered lawn equipment and divert more organic waste from landfills.
- Halt sprawl and bring more affordable housing: We need gentle density and missing-middle development in the city. And as we build more homes, we need more deeply affordable housing.
- Better transit: We need increased service and reliability, a fare freeze and free transit pilot projects.
- Better streets: We must invest in proper maintenance, better sidewalks & more bicycle lanes, like those recently built on Heron Road.
- Quality of life: Let’s keep investing in our parks, like the new splash pad at Kaladar Park.

DANIEL ROGERS

I have lived in and loved this area for 48 of the past 50 years.

I want future generations to experience the same pride and joy the Capital Ward has given me.

In a time of growing political and societal division, I want to work with all communities to build a future for Capital Ward that works for all of us.

I ask for your support in achieving this vision. I truly believe we can do it-together.
